

Improve buyer intelligence through complete, transparent supplier spend and contract data

Why use our spend and contract analysis?

- ➔ Understand your whole organisation's third party and contracted spend.
- ➔ In-depth analysis which is checked and challenged to verify anomalies and findings.
- ➔ Interpreted by our procurement experts providing you with a high level overview of potential to improve.
- ➔ Choose from a range of parameters and comparators to meet your needs.
- ➔ Receive a detailed report providing you with the information that you need to reduce spend/innovate with suppliers and an interactive dashboard which can be tailored to your preferred view.

An evidence-base for pro-active commissioning and procurement

Our data analysis service enables you to visualise and understand your organisation's spend with third party suppliers. The level of detail provided, combined with our expert interpretation provides you with an overview of the high level opportunities to deliver savings and improved outcomes with suppliers.

Our approach

Our aim is to minimise the input required from your teams but to provide you with the detail and quality of information necessary to act upon the detailed opportunities.

Turnaround time for detailed analysis, challenge and checking and production of report is four weeks.
