

# Overcome tough, complex challenges with support from our experienced team

## Why use V4 Services?

- ➔ **Tried and tested:** Our case studies demonstrate real value delivered. We have senior level references which we're very proud to share – just ask.
- ➔ **Reputation:** We've delivered successful programmes and projects with over 120 clients across the UK including local government, NHS, social enterprises and the private sector.
- ➔ **Understanding:** We listen to your challenges to set out options, then design and deliver sustainable solutions with you to meet your strategic objectives.
- ➔ **Savings:** We're focused on delivering a high return on your investment and are committed to delivering the best outcomes possible working with your teams.
- ➔ **Toolkits:** We come equipped with data analysis tools, templates and toolkits which we can tailor to meet your needs and a library of business cases and IP to deploy.

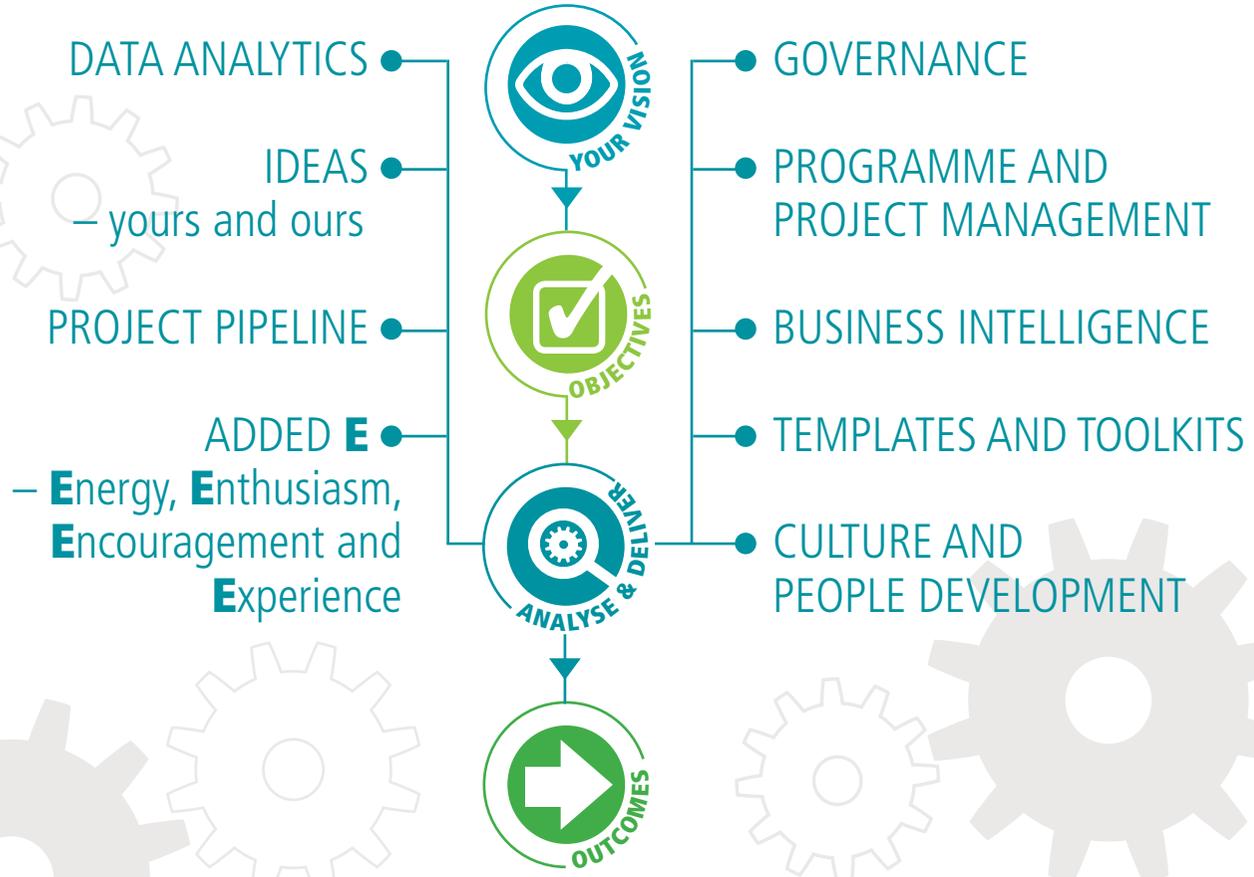

## A proven transformation approach that guarantees successful delivery

We work with our clients to collate their ideas, inject our expertise, to design and deliver transformation structures, projects and programmes that energise people, the organisation and ultimately deliver your intended outcomes and benefits. We understand what it takes to take theory to reality. Overcoming challenges is our core work and what makes us sleep at night.

# Our approach

We provide that extra energy, capability and capacity that you need when you are struggling to get ideas off the ground and make change happen. You are not alone in facing significant challenges and we are totally comfortable working with your teams, your members and stakeholders to set out a clear business case and roll our sleeves up to deliver with you.

**Easy to buy**  
Our services can be procured via a number of frameworks.  
[Find out more](#)

We typically work with clients who've done what they can to deliver significant savings but are now faced with much tougher decisions to take to go further, or those who have plenty of ideas but need some help in taking concepts through to actual delivery.

Our services can be purchased as an end-to-end transformation delivery partner or on-demand to supplement existing capabilities and capacity.

## Our services

- ➔ **Strategic direction**  
Support your Senior Management Team and key stakeholders to define and shape your strategic direction.
- ➔ **Business intelligence**  
Use our benchmarking, knowledge and data analytics service to understand the status quo and future potential.
- ➔ **Options and business case development**  
Explore all options in detail to work up the business cases for your preferred options.
- ➔ **Ideas and project pipeline**  
Gather your ideas and combine with our library of projects delivered to define and deliver a project pipeline.
- ➔ **Effective governance structures**  
Build upon or design governance, gateway management and benefits realisation processes.
- ➔ **Alternative delivery vehicles**  
Provide end-to-end support for the establishment of new delivery models including: joint ventures, outsourcing, trading companies.
- ➔ **Commissioning, procurement and contract management**  
Support or manage all aspects of creating value from every pound, whether that's developing a new market, early market engagement, creating greater social value or creating an intelligent client function.
- ➔ **Cost reduction and income generation**  
Take a commercial approach to each and every project.
- ➔ **Commercial operations management**  
Ensure resources are aligned to the delivery of strategic objectives, that each project follows a defined process and that outputs and outcomes are managed and measured.
